PINS: PROJECT INITIATION NOTIFICATION SYSTEM FORM *(Effective 01.01.08)*

*NOTE: Adoptions of an ISO or IEC standards require compliance with the *ANSI Policy Regarding Rights to Nationally Adopt IEC and ISO Standards or Otherwise Use IEC and ISO Material* and with the *ANSI Procedures for the Adoption of ISO and IEC Standards as American National Standards*.

1. Designation of Proposed Standard:	ANSI C63.2-2016
2. Title of Standard:	American National Standard for Specifications of Electromagnetic Interference and Field Strength Measuring Instrumentation in the Frequency Range 9 kHz to 40 GHz
3. Project Intent: (Check the applicable box below)	3a. Supersedes or Affects: (Specify designation of approved ANS standard(s) to be superseded and/or ISO or IEC standard(s)* to be adopted)
Create new American National Standard (ANS)	
*Adopt identical ISO or IEC standard	
*Adopt modified ISO or IEC standard	
*AND this adoption revises this current ANS	
Revise current ANS	X ANSI C63.2-2016
Revise and Redesignate current ANS	
Revise, Redesignate and Consolidate current ANS	
Revise and Partition current ANS	
Reaffirm current ANS	
Reaffirm and Redesignate current ANS	
Addenda to a current ANS under Continuous Maintenance: (this document relates to/updates the following base document that is registered under Continuous Maintenance)	
Supplement to current ANS	
Withdraw current ANS	
Maintain ANS under stabilized maintenance	
4. This standard contains excerpted text from an ISO or IEC standard, but is not an ISO or IEC adoption.	Check here if this standard includes excerpted text from an ISO or IEC standard but is not an identical or modified adoption of an ISO or IEC standard.
5. Provide a brief explanation of the need for the project (see 2.5 of the <i>ANSI Essential Requirements</i>):	<p>CISPR 16-1-1:2010 is a key reference document for ANSI C63.2. CISPR 16-1-1:2010 has been updated twice since 2010 Ed. 3.2: 2014 reference (Ed. 4: 2015 and Ed.5: 2019). This proposal recommends updating the CISPR 16-1-1 reference in ANSI C63.2 to CISPR 16-1-1:2019 (Ed. 5).</p> <p>Also, CISPR 16-1-1:2019 re-organized several sections and added material from ANSI C63.2-2016. This reorg and the added parameter would need to be accounted for in C63.2-2016 Tables 1 and 2.</p> <p>Members of the EMI test community that reference C63.2 when purchasing equipment will question the reference to an obsolete CISPR document and there is increasing risk of divergence of receiver requirements between CISPR and ANSI.</p>
6. Identify the stakeholders (e.g., telecom, consumer, medical, environmental, etc.) likely to be directly impacted by the standard (see 2.5 of the <i>ANSI Essential Requirements</i>):	All users of the ANSI C63.4, C63.10, and C63.26 standards, including test labs, radio manufacturers, electronics manufacturers, test equipment manufacturers, regulators and accreditation bodies.

7. This PINS revises a previous PINS submittal <i>(see 2.5 of the ANSI Essential Requirements):</i>	<input type="checkbox"/> Note: A revised PINS is only required if the previously identified stakeholders have changed substantively (see item 6 on this form.).
8. Description of Contents of Standard: (Provide a one paragraph description, not to exceed 500 characters. Please note in the scope if this standard is intended to be submitted for consideration as an ISO or ISO/IEC JTC-1 standard.)	C63.2 specifies measurement equipment requirements for ANSI emissions measurement documents.
9. Request an Announcement in Standards Action to Solicit New Consensus Body Members (Note that participants from diverse interest categories shall be sought with the objective of achieving balance. See 1.3 and 2.3 of the ANSI Essential Requirements.)	<input type="checkbox"/> Check here to request the publication in Standards Action of a call for membership on the relevant consensus body.
10. Consumer Product or Service:	<input type="checkbox"/> Check here if standard covers Consumer Product or Service
11. Accredited Standards Developer Acronym:	
12. Submitter: (Specify Accredited Standards Developer submitter's name and complete contact information, address, phone, email, etc.)	Name: Jens Medler
	Title: Product Manager
	Organization: Rohde & Schwarz GmbH & Co. KG
	Address: Muehldorfstrasse 15
	City, ST, Zip: Munich, DE 81671 (Germany)
	Phone: +49 89 4129 14262
	Fax:
	Email: jens.medler@rohde-schwarz.com
