

# C63.23 Working Group Update

- Current Working Group Membership
  - Victor Kuczynski
  - Tim Harrington
  - Monrad Monsen
  - Mike Windler
  - Bob Hofmann
  - Donald Heirman
  - Dennis Camell
  - Werner Schaefer

# C63.23 Working Group Update

- New draft
  - Focus on ANSI C63TM emissions testing
    - Product and site evaluations.
  - Removed immunity testing until future date
  - Removed Harmonics / Flicker

# C63.23 Working Group Update

- What's missing
  - Emissions above 1GHz
  - Emissions below 30MHz for E-Fields
  - Current text already in C63.5 decision to include in C63.23 is still TBD. If kept section needs to expand to include other methods in C63.5.

## C63.23 Working Group Update

- Incorporate comments from working group.
- Include more information on cable loss contributions due to heating effects.
